

Weekly Report

Yuxin Ma

2017.04.17 - 2017.04.23

Misc.

- The algorithm part of the patent is almost finished.

Projects

Spark Visualization

- This week I read several related papers recommended by the reviewers to solve the issue of scalability. I am thinking of a new design of the event sequences and iterations.

Plan for the Next Week

- Modify the paper.
- Finish the patent.
